**Amendment to the Claims:**

This listing of claims replaces all prior versions and listings of claims in the application:

1. (Currently Amended): An electrode ~~on a substrate of~~ for a plasma display panel, comprising:  
a plurality of bus line conductors having a first width; and  
a plurality of ~~non-circular pads of the electrode~~, each ~~of the pads~~ having at least ~~one widest~~ a first section having a maximum width that is ~~wider~~ greater than the first width, each ~~of the pads~~ having at least ~~one wider~~ a second section that is narrower than the maximum width, the ~~respective wider~~ second section of each ~~of the pads~~ intersecting a corresponding ~~one of the~~ bus line conductors.
2. (Currently Amended) The electrode of claim 1, ~~further comprising:~~ wherein the ~~wider second~~ section of each ~~of the pads~~ ~~having~~ has a gradually increasing width.
3. (Cancelled)
4. (Currently Amended) The electrode of claim 1, wherein the ~~wider second~~ section comprises a curved profile.
5. (Currently Amended) The electrode of claim 1, wherein the ~~wider second~~ section comprises a tapered profile.
6. (Currently Amended) The electrode of claim 1, wherein the ~~wider second~~ section comprises a straight tapered profile.
7. (Currently Amended) The electrode of claim 1, wherein the ~~wider second~~ section comprises a gradually increasing line width.
8. (Currently Amended) The electrode of claim 1, wherein the ~~wider second~~ section comprises an abruptly increased line width.
